DEC 22 1988

Dear Sirs:

This office recently received an anonymous complaint regarding the spreading of waste oil on your property at 2828 East Kearney in Springfield, Missouri. The caller indicated that waste oil was being spread on the west side of your back lot as a means of vegetation control.

Please note that waste oil is a hazardous waste in Missouri and cannot, by regulation, be introduced into the environment. Spreading waste oil for the purpose of controlling vegetation is considered introduction into the environment and is a violation of the Hazardous Waste Law and Regulations.

If you have been spreading waste oil you must discontinue doing so immediately. Any waste oil which you have on hand must be properly handled and properly disposed of. If you are generating a regulated amount of waste oil, you must register on the enclosed forms and properly handle your waste. A regulated amount is defined as 220 pounds (27 gal) generated in one month or accumulated at any one time. An information sheet on waste oil is also enclosed.

If you have any questions regarding this matter, please advise.

Sincerely,

SPRINGFIELD REGIONAL OFFICE

Details of Incident:

Dumping Hydraulic oil & Paint thinner on their property.

Action needed:

Check out & if severe, let Mr. Chuck Kroeger from Missouri Department of Natural Resources, D.N.R. Also received this Complaint.

2828 E. Kearney

## Investigation Results

Karen Chandler And I Checked out This Complaint. We drove past the West side of their property And found only 3 or 4 places that looked like some oil had been dumped in the gravel. Nothing very recent. We will check again in the future.
